

B ACTIVE EXTENSIVE™

Key Benefits

- Supports Optimal Energy Levels and Adrenal Function*
- Promotes Healthy Stress Response*
- Supports Healthy Homocysteine Metabolism*
- Activated B Vitamins for Optimal Bioavailability*
- Contains 5-MTHF and Folinic acid for Extended Bioavailability*
- Includes Vitamin C and PABA for Comprehensive Support*

Discussion

B Active provides activated forms of vitamins B-2, B-6 and B-12, with the addition of benfotiamine, a fat soluble and physiologically active form of thiamin. The 5-MTHF in this formula – Quatrefolic® – is the most biologically active form of folate, allowing rapid uptake into the bloodstream.* The 5-MTHF in this formula is also known as the "L" form of 5-MTHF since it is the reduced form of folate. The addition of PABA, vitamin C and therapeutic doses of B-12 and B-6 make this a powerful and comprehensive activated B-complex that stands out above the rest.*

Available in 90 and 120 count

Directions: Take one capsule 1-2 times daily or as directed by your healthcare practitioner.

Other Ingredients: HPMC (vegetable stearate), MCC (microcrystalline cellulose), rice flour, ascorbyl palmitate, silica.

Contains No: Wheat, gluten, corn protein, yeast, soy, animal or dairy products, artificial colors, sweeteners or preservatives.

Caution: Keep out of reach of children.

Storage: Keep tightly closed in a cool, dry place.

This Formula Meets or Exceeds cGMP Quality Standards.

Supplement Facts

Serving Size: 1 Capsule

Servings Per Container: 90

	Amount	%Daily Value*
Vitamin C (as ascorbic acid)	30 mg	50%
Thiamin (as thiamin HCl)	20 mg	1,334%
